

KC16T

High Efficiency Multi Crystalline Photovoltaic Module

(JET certified module, IEC61215 standard)

Highlights of Kyocera Photovoltaic Modules

Kyocera's advanced cell processing technology and automated production facilities produce a highly efficient multi crystalline photovoltaic module. These cells are encapsulated between a tempered glass cover and pottant with back sheet to provide efficient protection from the severest environmental conditions. The entire laminate is installed in an anodized aluminum frame to provide structural strength and ease of installation.

Electrical Specifications

MODEL	KC16T
Maximum Power	16W
Tolerance	+15% / -5%
Maximum Power Voltage	17.4V
Maximum Power Current	0.93A
Open Circuit Voltage	21.7V
Short Circuit Current	1.00A
Dimension	517 X 280 X 17 mm
Mass	1.6kg

2 year limited warranty on material and workmanship
5 year limited warranty on power output.

Physical Specifications
